Expression of Interest

Invitation of quotation for supply, installation, commissioning and maintenance (maintenance for a period of 3 years) of Unified Secure Network for BESCOM Corporate Office (for preparing estimate only).

Introduction:

BESCOM Corporate Office premises consists of three buildings — Block-1, Block-2, and Belaku Bhavana. The Block-2 and Belaku Bhavana consists of 6 floors each and Block-1 consists of 3 floors. The existing LAN infrastructure in Block-1 and Block-2 has been in place for over 20 years, while Block-3 is 8 years old. Due to the multiple civil works, structural renovations, and incremental expansions have resulted in multiple undocumented alterations to the original LAN cabling pathways. As a consequence, many cables are now concealed within walls or ceilings, remain unlabelled, and are often inaccessible. This has created significant complexity in network maintenance, fault isolation, and troubleshooting.

Scope of Work:

To address the above issues and modernize the network, the Corporate Office requires the supply, installation, commissioning, and maintenance of a Unified Secure Network through an Expression of Interest (EOI).

The proposed solution shall comprise of about 150 indoor access points, 4–5 outdoor access points (weatherproof), and all related network devices and accessories necessary to establish a seamless, secure, and unified architecture across the premises along with AMC/ATS for 3 years.

The bidder shall submit the Solution Document, clearly outlining the quantity of all components, architecture, design, implementation methodology, and maintenance plan.
